WE BRING PASSION IN WHAT WE DO

PHARMA COSM POLLI

A SWISS FRAGRANCE HOUSE

Our story begins when Laurent Boson, a young perfumer and a visionary entrepreneur, found Vanessence : a journey that is rich, passionate and full of artistry.

For over 30 years, Vanessence has pursued a policy of creativity, passion and innovation.

We are deeply and continuously connected to the world around and with us the consumers will get a mood, a signal of cleanliness, freshness, or softness, a stress relief, an inspiration, allure, style and attraction. This can help setting up moments of genuine positivity for themselves.

«Perfumes express an emotion, a passion that Vanessence cultivates and develops day after day»
Laurent Boson
