Cultivating Wellness

PLANT-BASED | GLOBAL | AGILE | PURPOSE-DRIVEN

We Are **Kensing**

We are a fast-growing, sustainable global supplier of plant-based ingredients. Our product portfolio includes Natural Vitamin E, mixed tocopherols, phytosterols, and high-purity surfactants.

We Are Proven

Our name is new, but we have been a trusted industry partner for over 75 years. Our plant-based products are recognized for their exceptional performance and selected by high-profile brands for their high purity standards.

We Are Growing

As a portfolio company of One Rock Capital, we have acquired four companies in under three years, becoming the world's top producer of plant-based Vitamin E and phytosterols. Operating four cutting-edge facilities across three continents, we offer a reliable and diverse supply network. Our broad portfolio provides products from non-GMO sources such as sunflower, rapeseed, soy, and corn.

We Are Sustainable

We have been recognized with an EcoVadis Gold rating, an honor given to only the top 5% of chemical companies.

Pure Products. Agile Solutions.

Our focused approach, dedicated resources, and endless passion allow us to respond to your needs quickly so you can keep pace with an ever-evolving market landscape.

The Markets We Serve

Personal Care

Dietary Supplements

Functional Food

Pet Food

Food Antioxidants

Home Care and I&I

**Pharmaceutical
Intermediates**

Laboratory Diagnostics

Agrochemicals

**We produce over
130kT of ultra-pure
ingredients, each
anchored in natural
feedstocks.**

High-purity Plant-based Vitamin E

The world's largest producer
of plant-based Vitamin E
from soy, rapeseed,
sunflower, and corn.

High-purity Specialty Esters

Leading manufacturer
of specialty esters
for laboratory diagnostics.

Anionic & Amphoteric Surfactants

High-purity SLES with
ReNu technology and
high-purity betaines.

Phytosterols & Phytosterol Esters

Naturally sourced, 98%
pure sterols for food and
pharmaceutical applications
in hormone therapies, steroids,
and cholesterol reduction.

Kensing Personal Care Portfolio

Natural Mixed Tocopherols (INCI: Tocopherol)

Product	Description	Form
Covi-ox® T-90 C	90% mixed tocopherols	Liquid
Covi-ox® T-90 EU C	90% mixed tocopherols, non-GMO/IP, COSMOS	Liquid
Covi-ox® T-70 C	70% mixed tocopherols	Liquid
Covi-ox® T-70 EU C	70% mixed tocopherols, non-GMO/IP, COSMOS	Liquid
Covi-ox® T-50 C	50% mixed tocopherols	Liquid
Covi-ox® T-50 EU C	50% mixed tocopherols, non-GMO/IP, COSMOS	Liquid
Covi-ox® T-30 P C	30% water-dispersible mixed tocopherols	Powder
Covi-ox® T-30 P EU NA C	30% water-dispersible mixed tocopherols, non-GMO/IP	Powder
Vitapherole® T-90-OC nGM	90% mixed tocopherols, non-GMO/IP, ECOCERT/COSMOS	Liquid
Vitapherole® T-70-OC nGM	70% mixed tocopherols, non-GMO/IP, ECOCERT/COSMOS	Liquid
Vitapherole® T-50-OC nGM	50% mixed tocopherols, non-GMO/IP, ECOCERT/COSMOS	Liquid

Natural-sourced Vitamin E (INCI: Tocopherol)

Product	Description	Form
Copherol™ F 1300 C	1300 IU/g RRR-alpha tocopherol	Liquid
Vitapherole® E-1000 SF-OC	1000 IU/g RRR-alpha tocopherol, non-GMO, sunflower sourced, ECOCERT/COSMOS	Liquid
Vitapherole® E-900 SF-OC	900 IU/g RRR-alpha tocopherol, non-GMO, sunflower sourced, ECOCERT/COSMOS	Liquid

Natural-sourced Vitamin E (INCI: Tocopheryl Acetate)

Product	Description	Form
Copherol™ F 1250 C	1250 IU/g RRR-alpha tocopheryl acetate	Liquid

Phytosterols

Product	Description	Form
Generol® 122 N PRL-C	INCI: glycine soja (soybean) sterols (92% free spy sterols)	Prill
Generol® 122 N E-16	INCI: PEG-16 soy sterol	Soft Wax
Generol® 122 N E-10	INCI: PEG-10 soy sterol	Soft Wax

Kensing Surfactant Portfolio

Anionic Surfactants (SLS and SLES)

"MB" versions, which are RSPO certified, are available

Product	Description	Form
Habitex™ SLES-270	70% active matter, sodium lauryl ether sulfate + 2 EO	Paste
Certipol™ FES 27	27% active matter, sodium lauryl ether sulfate + 2 EO	Liquid
Certipol™ FES 32	31% active matter, sodium lauryl ether sulfate + 4 EO	Liquid
Certipol™ FES 77	33% active matter, sodium lauryl ether sulfate + 30 EO	Liquid
Certipol™ FES 993	30% active matter, sodium lauryl ether sulfate + 12 EO	Liquid
Certipol™ SLS 2010 P	30% active matter, sodium lauryl sulfate	Liquid
Gentlex™ 611 L	42% active matter, sodium lauryl ether sulfate + lauryl glucoside + cocamidopropyl betaine	Liquid Blend
Gentlex™ 611 L UP	42% active matter, sodium lauryl ether sulfate + lauryl glucoside + cocamidopropyl betaine	Liquid Blend
Gentlex™ 611 L UP ReNu Ultra	42% active matter, sodium lauryl ether sulfate + lauryl glucoside + cocamidopropyl betaine, low 1,4-dioxane (0-5ppm)	Liquid
Sensapol™ ES-1 K	25% active matter, sodium lauryl ether sulfate + 1 EO	Liquid
Sensapol™ ES-2 K	25% active matter, sodium lauryl ether sulfate + 2 EO	Liquid
Sensapol™ ES-2 K ReNu Ultra	25% active matter, sodium lauryl ether sulfate + 2 EO, low 1,4-dioxane (0-3ppm)	Liquid
Sensapol™ ES-3 K	28% active matter, sodium lauryl ether sulfate + 3 EO	Liquid
Sensapol™ WAQ-LCK	30% active matter, sodium lauryl sulfate	Liquid
Kopacol™ LS 30 NA	29% active matter, sodium lauryl sulfate	Liquid
Kopacol™ N 56	56% active matter, sodium lauryl ether sulfate + 2 EO	Liquid to Paste
Kopacol™ N 70 LS ReNu Ultra	70% active matter, sodium lauryl ether sulfate + 3 EO, low 1,4-dioxane (0-5ppm)	Paste
Kopacol™ N 70 NA	70% active matter, sodium lauryl ether sulfate + 2 EO	Paste
Kopacol™ N 70 NA Renu Ultra	70% active matter, sodium lauryl ether sulfate + 2 EO, low 1,4-dioxane (0-5ppm)	Paste
Kopacol™ N 70 NA Renu Pro	70% active matter, sodium lauryl ether sulfate + 2 EO, low 1,4-dioxane (0-10ppm)	Paste
Kopacol™ N 701 S	70% active matter, sodium lauryl ether sulfate + 1 EO	Paste
Kopacol™ N 701 S ReNu Ultra	70% active matter, sodium lauryl ether sulfate + 1 EO, low 1,4-dioxane (0-5ppm)	Paste

Kensing Surfactant Portfolio

Amphoteric Surfactants (CAPB)

Product	Description	Form
SensaFoam™ 1218 KB 5	30% active matter, cocamidopropyl betaine + sodium benzoate (PKO source)	Liquid
SensaFoam™ C 60	47% active matter, cocamidopropyl betaine (CNO source)	Liquid
SensaFoam™ CK PH 12/MB	30% active matter, cocamidopropyl betaine, RSPO (PKO source)	Liquid
SensaFoam™ F 50	38% active matter, cocamidopropyl betaine (CNO source)	Liquid
SensaFoam™ F KB 5	30% active matter, cocamidopropyl betaine + sodium benzoate (CNO source)	Liquid
SensaFoam™ F KB 55	30% active matter, cocamidopropyl betaine + sodium benzoate (CNO source)	Liquid
SensaFoam™ F KH 5	30% active matter, cocamidopropyl betaine + DMDM hydantoin (CNO source)	Powder
SensaFoam™ F KM 5	30% active matter, cocamidopropyl betaine (CNO source)	Powder
SensaFoam™ L 7 V	30% active matter, cocamidopropyl betaine + EDTA (CNO source)	Liquid
SensaFoam™ ZF	30% active matter, cocamidopropyl betaine + sodium benzoate (CNO source)	Liquid

Pearlizing Agents

“MB” versions which are RSPO certified are available

Product	Description	Form
SensaGlo™ BL 315 Flake/MB	100% glycol distearate, RSPO	Solid Flake
SensaGlo™ G 1100 Flake	100% glycol distearate	Solid Flake
SensaGlo™ N 100	15% glycol distearate + sterareth-4 + sodium benzoate	Liquid
EGDS Purified	100% glycol distearate	Liquid/ Solid Flake
